Juta Academic donates medical reference books to Victoria hospital

On 18 September Jayde and Mabel from Juta Academic took three very heavy boxes of medical reference textbooks from Indian publishers, Jaypee, to Victoria Hospital in Wynberg. The books were a donation from Juta Academic who were inspired by the work done by Victoria Hospital and believed that the dedicated staff at the facility would benefit greatly from the donation.

The doctors were clearly pleased when they received the donation to the value of R35 000, appreciating the boost to their

existing resources. Books not placed in their medical library will be shared with staff from Grootte Schuur and Red Cross hospitals.

It was great to see and share the pleasure of the staff who received from the donation. We at Juta Academic are looking forward to building on this relationship in the time to come.

Thank you note from Victoria Hospital
