

## **PUBLISHER'S NOTE**

### **REVISION SERVICE 7**

This revision service contains updates, up to and including 31 May 2014, to the contents of both binders.

In our previous revision service we indicated that we would include an update to those sections of the *Financial Advisory and Intermediary Services Act 37 of 2002* (FAIS Act) that would be affected by the commencement of the *Financial Services Law General Amendment Act 45 of 2013*. Due to the extent of these amendments, we have replaced the entire FAIS Act contained in your Volume 1 binder.

We have also replaced the CD-ROM disc that was issued with revision service 6. The updated disc contains all the information held on the previous disc as well as a number of new subordinate measures. Issuing this material in electronic format has allowed us to limit the page extent of revision service 7 and to provide you with better usability of this information.

For instructions on how to correctly file your contents, please refer to the 'Key and Filing' for this revision service.

Should you have any feedback regarding your publication, please do not hesitate to forward same to us.
