About this Publication:

The Constitution informs every aspect of our legal system and every instance of interpretation and application of that system. *The Bill of Rights Handbook's* detailed coverage of all aspects of Bill of Rights jurisprudence and practice has made it the standard reference work for this important area of law, and it has been extensively relied upon and quoted by the judiciary. The sixth edition of the *Handbook* is a comprehensive account of over two decades of jurisprudence interpreting and applying the Bill of Rights. The work has been thoroughly revised, in particular to cover developments in the areas of constitutional jurisdiction, remedies and socio-economic rights.
