This publication assists the reader in understanding the past and present mineral and petroleum regulatory frameworks as well as the future dispensation.

Contents Include:

- A historical overview of the development of this area of law.
- An introduction to the administration of the mineral and petroleum statutes.
- The old order (in terms of the Minerals Act 50 of 1991) with an emphasis on its continued relevance for purposes of the transitional measures.
- The transitional measures from the old to the new order.
- The new order brought about by the Mineral and Petroleum Resources Development Act 28 of 2002.
- The Black Economic Empowerment provisions.
- The registration of new order rights in terms of the Mining Titles Registration Act 16 of 1967 (as amended by Act 24 of 2003).
- The control measures put in place to regulate minerals and petroleum.

Of Interest and Benefit to:

- Legal advisors, compliance officers, risk managers and company secretaries of companies involved in the mining and petroleum industry
- Petroleum companies
- Mine consultants
- Lawyers specialising in the field
- Department of Mineral and Energy officials
