About this Publication:

Law of Damages Through the Cases is a compilation of authoritative judgments and legislative provisions illustrating the basic principles of the law of damages. It is intended to provide students and practitioners with easy access to important authorities in the field of damages. The extracts from selected judgments have been arranged systematically and provided with summaries, marginal notes and cross-references. Since this casebook is intended to complement *Law of Damages*, the notes contain cross-references to the discussion and evaluation of the relevant principles in the latter work. There are also references to other academic comment as well as to case law.
