About this Publication:

A Basic Guide to Civil Procedure in the Magistrates' Courts provides basic information about civil procedure in the magistrates' courts, and includes examples of the forms that are required for the processes, as well as a glossary of legal terms. It is intended for use by anyone who needs to understand the basics of civil procedure.

Titles in the *LegalEase* series help make the law easier to understand without losing its context. *Essence* books shed light, in a practical way, on the legal issues that candidate attorneys and legal practitioners encounter in practice. The books set out clear frameworks and contain practical tips and helpful hints. Written by experts, these books equip the reader with knowledge that can be applied in practice.

Contents Include:

- Core concepts
- General structure of our courts
- Initial steps and ad hoc matters
- General principles of jurisdiction
