About this Publication:

The Project Management Workbook is a companion publication to the popular [A Guide to Project Management 2e](#) by Gerrit van der Walddt and William Fox. *The Project Management Workbook* consists of self-assessment questions and exercises, group activities and exercises, and guidelines for completing a summative assignment/portfolio of evidence based on the SAQA Unit Standards and chapter outcomes.

The Workbook has been developed to imitate real-life projects found within public and private-sector settings. Using *The Project Management Workbook* in conjunction with *A Guide to Project Management 2e* will enable students to apply newly learned skills and track their learning progress. It will also ensure that they are able to apply their learning in the workplace.

Contents Include:

Section A: Self-evaluation Questions and Answers

Chapter 1 – Essentials of project management

Chapter 2 – Project management life-cycle

Chapter 3 – Project planning

Chapter 4 – Organisational arrangements and project governance

Chapter 5 – Project management knowledge areas

Chapter 6 – Applied technology and project documentation
