About this Publication:

This White Paper on Local Government (as published under GenN 423 in *Government Gazette* 18739 of 13 March 1998) is unique, as it does not deal with a sectoral policy, but with an entire sphere of government. It can most be regarded as a 'mini-Constitution' for local government. Local government is the sphere of government that interacts closest with communities; is responsible for the services and infrastructure, and is tasked with ensuring growth and development of communities in a manner that enhances community participation and accountability.

The first edition of the *White Paper on Local Government*, part of the *Juta's Legislation eBook* series, reflects the law as at 11 April 2018.
