About this Publication:

First published in 1996, Workplace Law has become one of the most widely used and frequently quoted textbooks on South African labour law. This 13th edition has been revised and supplemented to incorporate the latest case law, as well as the latest amendments to labour legislation.

Workplace Law provides a complete overview of issues that have arisen and are likely to arise on the shop floor, in court and in arbitration proceedings – from unfair labour practices, through employment equity, dismissal and collective bargaining, to strikes. Students, HR and IR practitioners, lawyers, employers, employees and trade union officials will find this updated, comprehensive and reliable work a convenient and indispensable guide to a complex and fascinating area of law. Workplace Law is also available in electronic form in Juta's Labour Law Library, where it is updated quarterly.

Contents Include:

PART A: SOURCES

Chapter 1: Introduction

- Common-law origins
- Shortcomings of the common law
- Statutory modification of the common law
